MUSSOLINI WAVES OLIVE BRANCH TO JUGO-SLAVIA

Premier Drops Out All Harsh Notes in Speech on World Policies; Praises United States

June 5. (P)—Premier Mussolini presented himself before the Italian parliament today as both an aggressive and prudent speaker, emphasizing Italy's relations with all the countries of the world, and the excellent relations with the United States, Italy's friendship with England, improved relations with France and normal ties with Spain.

BRUSH FIRES SPREADING

Flames Raging in North

Four Days of Fighting Fail to Halt Progress of Red Destroyer

Yolo and Colusa Counties Report Wide Havoc in Grain Lands

SAN FRANCISCO, June 5. (Exclusive)—After four days of apparently minor outbreaks, Northern California tonight found itself engaged in combating the first major series of brush and grain fires of the season and began calling upon its reserve main power. The situation became menacing overnight as high and whipping winds dropped, burning embers widespread.

A check revealed that damage done to \$1,000,000 has been caused by the destruction of 7000 acres of grain and a lesser amount in farm and ranch buildings. One man is reported to have been burned to death in an isolated shack licked up by the flames.

HEAVIEST DAMAGE

Heaviest toll evidently has been taken in Yolo and Colusa counties. Reports from that section tell of the destruction of 7000 acres of grain and a lesser amount in farm and ranch buildings. One man is reported to have been burned to death in an isolated shack licked up by the flames.

BATTLE IN YOLO

Strenuous efforts were declared under way tonight to check a serious phalanx of fire in the hills of Yolo county, threatening the reflected glare of the flames.

HOOVER GAINS STEADILY IN FIGHT FOR DELEGATES

Twenty-two More Votes Acquired; Chairman Butler Aids Him in Vote on One Contest

KANSAS CITY, June 5. (P)—Another run of victories for Herbert Hoover in contests decided today by the Republican National Committee increased his string of sure delegates in next week's convention by twenty-two, twice the total barged for him at yesterday's hearings. With his supporters on the committee holding a whip hand, the Commerce Secretary at today's sessions picked up ten votes in Louisiana and twelve in Mississippi, but failed to make a clean sweep as on yesterday. Two district delegates from Louisiana, not on the Hoover slate, gained seats in the face of contests, and the indications are that they will support some other candidate on the first ballots.

CHURCH STRIFE NEAR ITS PEAK

(Continued from Page 1)
The church strife in the United States is reaching a point of no return, according to a study made by the National Council of Churches of Christ in America. The study shows that the church is losing its power to unite and act as a single body. The study also shows that the church is losing its power to influence the government. The study is a warning to the church to take action now or it will be too late.

LITHUANIA ASSAILED

Sir Austen's Ire Aroused

British Foreign Secretary Scores Claiming of Vilna as Nation's Capital

Statesmen See Peace Periled; Anglo-French Armament Accord Near

GENEVA, June 5. (P)—Staid, conservative Sir Austen Chamberlain, British Foreign Minister, chose to forego restraint this afternoon in his condemnation of the Lithuanian government and in a bitter denunciation of that state's claim to the capital of Vilna as its capital "an act of ill will and provocation."

The stand taken by Sir Austen Chamberlain in his denunciation of the Lithuanian government, who see in it an action most unlike the British Minister, and one perhaps indicative of the stand a great power will take should the controversy develop further.

PEACE MENACED

In fact, his remarks have created a new impression here that the Lithuanian-Polish relations constitute a serious menace to the peace of Europe.

Sir Austen's strong statements came in the course of a conversation with British journalists, in which he had remarked that despite the League's action of last December there has been little progress in the matter of better relations between Poland and Lithuania.

He insisted that he cannot help being disturbed over the publication of the Lithuanian constitution with its clause naming Vilna as its capital.

SYMPATHY FORFEITED

"Sympathy naturally goes to weaker nations," he said, "but it is small and weaker nation goes out of its way to take irritating and provocative action against a more powerful, or shows itself unreasonable, obstinate and uncompromising, it will deprive itself of the sympathy of its neighbors."

Lithuania's dictator, submitted to questioning by newspaper men following the Chamberlain remarks, while he would not commit himself so definitely as had Sir Austen, he declared Lithuania is ready to respect the territorial integrity of member states of the League of Nations, but can do this only when relations with Poland have been regulated satisfactorily.

His only comment with regard to Vilna was: "The frontiers between

'STEENTH WIFE GETS DIVORCE

Husband Revealed to Court as Champion Benedict in Many Ventures

NEW YORK, June 5. (Exclusive)—The country's marriage license bureau could, were they so minded, list Frank J. Wilkins as a satisfied customer.

Sixteen times wedded, Wilkins today lost one of his most recent spouses when Supreme Court Justice Fawcett in Brooklyn, annulled his somewhat dubious ties to Mrs. Pauline Wilkins of New York.

"I found it was a regular game with him," Mrs. Wilkins told the court. "I was only one of his victims. He told me before we were married that he had had five wives before. Later, he admitted he had been married sixteen times, or about that number."

Lithuania and Poland have not yet been fixed definitely.

ARMAMENTS DISCUSSED

In the course of the conversation with British journalists, Sir Austen revealed discussions he has had recently with Aristide Briand, Foreign Minister of France, in Paris, which, he said, resulted in agreement on some differences between France and England concerning the best methods to achieve limitation of armaments.

He said he will continue the discussion with French representatives at Geneva.

Both Great Britain and France desire to reconcile their points of view with respect to land, naval and air armaments," he said. "To do so we will aid the work of the disarmament commission, which certainly has not been facilitated by our disagreements."

The rumor was heard in League circles tonight that some member of the Council of the League other than Japan or China might inaugurate the discussion of the Chinese-Japanese dispute. There was no confirmation of this, however.

It is held generally here that any Council action which may be taken will be confined to an expression of appreciation to Japan for having kept the League in touch with what she has been doing in China. Sir Austen Chamberlain declined to discuss the Chinese situation.

Democrats Plan 'Smith Special' to Convention

SAN FRANCISCO, June 5. (Exclusive)—Al Smith Democrats met at the Palace Hotel today to confer on pre-convention activities and Houston alignments with National Committeeman Dockweiler of Los Angeles, former Senator Proctor and Justice S. Wardell holding the center of the stage.

"Things look Democratic," Dockweiler commented. "Of course, there is nothing to it but Al Smith, as far as the Democrats are concerned."

Wardell, in charge of arrangements for the special train to the Houston gathering, announced that plans are complete for his departure from this city the 21st. The train will be over one day in Los Angeles for entertainment and a last rally in California and then will proceed with the Southern California members of the delegation aboard.

Doctor Blown Up in Machine

PORTERVILLE, June 5.—Dr. S. C. Davis, orange grower living east of here, was instantly killed when the automobile in which he was going home was blown to bits near the Monache golf and country club course late this afternoon.

It was learned that he had purchased dynamite at a local store presumably for use in his grove and he is believed to have been taking it home when the accident occurred.

Mrs. Vanderbilt Granted Divorce

NEWPORT (R. I.) June 5. (P)—Mrs. Emily Davies Vanderbilt was granted a divorce from William H. Vanderbilt in Superior Court today on the ground of neglect to provide.

Mr. Vanderbilt was granted custody of a minor daughter, Emily, by agreement, and alimony was left to be adjusted by an agreement between parties.

Bandits Kidnap and Rob Jeweler

CHICAGO, June 5. (P)—Nine armed men last night kidnaped John Wohl, 27 years of age, a salesman employed by the Hillman & Kalman Jewelry Store, forced him to turn over keys to the store and combination to the safe, and while part of the robbers obtained jewelry valued at \$20,000 from the store, other members of the gang held Wohl and his family prisoners all night.

Rogers Heiress Illness at Crisis

NEW YORK, June 5. (P)—Mrs. Arturo Peralta Ramos, the former Countess Millicent Salm, was so seriously ill with pneumonia today that her physician called three other doctors into consultation.

Mrs. Ramos is at the Long Island shooting-lodge of her father, H. H. Rogers, with her husband. Pneumonia developed from a severe cold contracted a week ago.

GOVERNOR IN IOWA WINS NOMINATION

Hammill Leads in G.O.P. Primary as Advocate of \$100,000,000 Road Plan

DES MOINES, June 5. (P)—With more than two-thirds of the precincts of the State heard from today, Gov. Hammill has polled approximately 60 per cent of the total vote cast for the Republican nomination as Governor in Iowa's primary election Monday.

Under the Iowa election law, 35 per cent of the total vote cast is required for nomination. The issue in the campaign was a proposal to issue \$100,000,000 in State bonds to complete the primary road system in Iowa in six years. This proposal was favored by Gov. Hammill.

All Iowa Republican Representatives who sought renomination in the Iowa primary, were renominated. Latest returns from the Ninth and Eleventh districts, where new Congressional timber sought nomination, showed the result in doubt.

Neither Earl W. Vincent, Republican, Ninth District, nor Ed H. Campbell, Eleventh District, has polled the necessary 35 per cent to assure nomination on the basis of incomplete returns.

Gilbert M. Hansen, co-author of the McNary-Haugen farm bill and the oldest member in point of continuous service in the national House of Representatives, defeated J. A. Nelson of Decatur by more than 4,000 votes.

LEAD HELD BY CARLTON IN FLORIDA

Bryan's Daughter in Race for Congress Also Ahead in Democratic Primary

JACKSONVILLE (Fla.) June 5.—Doyle E. Carlton of Tampa maintained his lead over four contestants for the Governorship in scattering returns from today's Democratic primary, completed late tonight. The other candidates were John S. Taylor, F. A. Hathaway and James M. Carson.

United States Senator Trammell held a lead over Gov. Martin for the Senatorship.

Miss Ruth Bryan Owen, daughter of the late William Jennings Bryan, who is contesting the seat of Representative Sears in the Fourth Congressional District for the second time in two years, led her opponent by a margin of about 300 votes in early returns.

No reports had been received from any of the races for delegate to the national convention, due largely to the large number of candidates, sixty-three for the sixteen places, and the usual length of the ballot which delayed counting considerably.

Royal Fiancee Will Sail Today

SAN FRANCISCO, June 5. (P)—Miss Setsu Matsudaira, who may become Empress of Japan, arrived in San Francisco today.

She is the 17-year-old daughter of Tameo Matsudaira, Japanese Ambassador to the United States. She, her father and mother and her little brother and sister came in on the Overland from Washington, en route to Tokyo. They sail tomorrow on the Shinyo Maru.

Miss Matsudaira will wed in September Prince Chichibu, brother of the Emperor and heir apparent to the throne.

Chicago Bathing Beauty Wins

Windy City Girl Proclaimed Queen of Universe in Galveston Contest

GALVESTON (Tex.) June 5. (P)—Wrestling the honor from forty-one other bathing beauties, ten of them from foreign countries, Miss Ella Van Hueson of Chicago tonight was proclaimed "beauty queen of the universe" at the third annual international pageant of pulchritude here. "Miss Universe" won a cash award of \$200.

Bathing beauties from Mexico, Germany, Italy, Spain, England, France, Luxembourg, Belgium, Canada and Cuba entered.

Miss Van Hueson won the title of "Miss United States" last night.

Ring Removed from Chest of Small Child

BAKERSFIELD, June 5.—A fluoroscope, one type of X-ray tube, and the skill of Dr. Francis A. Hammill have saved the life of a 6-month-old infant here, who swallowed a finger ring. It was learned today.

The ring lodged in the child's chest and had started to ulcerate. Using the fluoroscope down the child's throat, the ring was located and removed with a slender pair of forceps.

PEKING PRIZE OF VICTORY

Capital of China Fears Worst

Nationalist Factions Race
Toward Waiting City;
Clash May Come

Manchurian Rear Guard Left
to Fate by Companions;
Chang May be Dead

(Copyright, 1928, by the Chicago Tribune.)

PEKING, June 5. (Exclusive)—Peking is spending a nervous night and is extremely doubtful about the prospects for turning over the administration to the victorious southern forces. The Christian general, Feng Yu-hsiang, and the Shansi Governor, Gen. Yen Hsi-shan, are racing to occupy the city with the latter's Shansi troops coming via Kaifu and camped tonight at the summer palace, eight miles north of the city walls. All the gates were closed an hour before sunset.

Other Shansi troops, twelve miles to the southwest, were delayed by the destruction of a bridge by the retreating Manchurians. Gen. Feng's troops, which are coming overland between the railways, have not been located.

TO AVOID CONFLICT
The incoming demand the immediate withdrawal of the Manchurian brigade held to police the city, but the welfare committee insists on the presence of these troops to restrain excesses. The committee demands withdrawal of the troops at the south gates when the victorious columns enter the north, being desirous to avert a conflict within the capital.

Numerous councils were held tonight in the hope of reaching an agreement, but the difficulty is increasing, owing to the fact that the retreating Manchurians destroyed the bridge between Peking and Tien-tsin and left no equipment for the flight of the brigade left here as police, thus causing extreme anxiety both in foreign and Chinese quarters.

Even before the bridge was destroyed the proposal of the protocol powers for the operation of an international train was abandoned, owing to American opposition.

ALIENS CONCILIATORY
The diplomatic body addressed the three Nationalist factions saying there was no desire to interfere but expressing the hope that the Manchurian brigade would be permitted to remain until the southern army was prepared to enter calmly.

Owing to the wholesale withdrawal of railway equipment all the Chih-li and Shan-tung armies are left stranded. About 20,000 Peking

MARIA JERITZA CHANGES MIND AND WILL SING IN NEW OPERA

VIENNA, June 5. (AP)—Availing herself of woman's prerogative of changing her mind, Maria Jeritza, soprano of the Metropolitan Opera Company, announced today that she will appear, after all, in the new Richard Strauss opera, "Helen of Egypt," on the 11th inst.

The soprano, who only recently decided to resign from the Vienna State Opera because she was understood to feel that its director was responsible for her failure to receive the Legion of Honor from the French government, said today

that it was "all a mistake" to say that she had set her heart definitely on any French decoration or that she had any difference with the Vienna opera.

Previously Jeritza had been quoted as saying that the director of the Vienna opera had failed to emphasize adequately to the French authorities what she considered to be the eminence of her position and that consequently on a recent appearance in Paris the French government had merely offered her the decoration of "officer of public instruction."

troops are less than a day's march from Tien-tsin. The foreign garrisons are on the alert and are guarding the waterworks and other utilities. American airmen report these columns of northern troops are disorderly, with the prospect that many will surrender to the Nationalists.

CHANG'S TRAIN MINED
Details of the bombing of Marshal Chang Tso-Lin's train at Mukden show that the tracks were mined at the crossing of the South Manchurian railway and were touched off under the dining car, which preceded the car in which Marshal Chang was riding. His car burst and with it four bodies which were so badly charred it was impossible to identify them. The forces of Peking dictator's condition is extremely grave. Reports of his death were unconfirmed.

Before their departure the Manchurians dynamited the railway shops at Changshien, after removing the machinery. They may pursue the same policy as the retreating, although British troops replaced the American guard at Tangshan, midway between Tien-tsin and Shanhaiwan, in order to protect British investments.

AMERICANS CRITICIZED
The failure of the Americans to insist on the protocol terms for an international train from Peking to Tien-tsin is being heatedly criticized in all other quarters. The Americans are continuing themselves purely to a policy of rescuing nationals by motor truck should the conditions warrant with the legation guard under orders to withdraw in the event that the legation departs.

NANKING ANTICIPATES RANK AS CHINA'S CAPITAL
(Copyright, 1928, by the New York Times.)
SHANGHAI, June 5. (Exclusive)—Nanking issued a statement on the Manchurian policy this evening which is being submitted to Feng-tiongs, containing three conditions: "First, Chang Tso-Lin must actually retire from politics definitely and sincerely. Second, Chang's successor must be faithful and adherent to the people's principles. Third, Chang's successor must obey orders of the national government and fly the national flag throughout Manchuria."

ON LINCOLN'S MODEL
The three principles are roughly based on Lincoln's government of "by and for the people" outlined by the late Sun Yat Sen, founder

HETCH HETCHY PACT DEBATED

Officials Confer on Raker
Act Liability

Definite Course of Action to
be Determined

Park Director Insisting on
Full Compliance

SAN FRANCISCO, June 5. (Exclusive)—City officials met here today with Representatives Welch and Kahn to discuss San Francisco's policy regarding its fulfillment of terms of the Raker Act by which the Hetch Hetchy municipal watershed territory is to be governed.

Establishment of a definite policy is a direct result of criticism that San Francisco is not and does not intend living up to its promise for improvement of the Hetch Hetchy country. The major item is road building.

Among those in conference were Mayor Rolph, City Engineer O'Shaughnessy, Assistant City Engineer Eckart and City Attorney O'Toole. No conclusion was announced, but further conferences were indicated.

San Francisco city authorities heretofore have been inclined to resist the demands of Stephen T. Mather, director of the National Park Service, that San Francisco fulfill the agreement embodied in the Raker Act which permitted development of the Hetch Hetchy project inside Yosemite National Park on condition that the city make certain improvements, including the building of roads. The city also has indicated a desire to have campers barred from the area about the project, contrary to terms of the Raker Act.

"OLD GOLD ran away
with the show"... says H. B. Warner
in blindfold cigarette test

"It sounded like an all-star cast when they handed me the four leading cigarette brands to smoke in the blindfold test. But one of the four ran away with the show... for I picked Old Gold instantly. There's a mildness and a smoothness to Old Gold that makes it stand out in any company."

H. B. Warner

How this test was made

The test was conducted by the representative of a leading Eastern University and a disinterested witness selected by them. Mr. Warner was asked to smoke

each of the four leading brands, while blindfolded, clearing his taste with coffee between smokes. Only one question was asked: "Which one do you like best?"

Why you can pick them... in the dark
Three types of leaves grow on the tobacco plant... coarse top-leaves, irritating to the throat... withered green-leaves, without taste or aroma... and the heart-leaves, rich in cool and fragrant smoking qualities. Only the heart-leaves are used in Old Golds.

Made from the heart-leaves of the tobacco plant

Woods and Mitchell in
Drama Semifinal Go

BY PAUL LOWRY
Belanger, the Frenchman, whittled Vigo Domman, down to his own size in the semi-final round at the Olympic 1st night.

That goes hilariously. Belanger was outwitted 17½ pounds, but at the finish he was out in front with ten rounds to his credit.

Domman is still trying to hit Belanger. The only marks on his cracking gloves left black.

There were no knockdowns. Domman didn't even come close. Belanger showed his skill for his fee's pulverizing punches by dancing out of his way in the tenth round.

With the first round he piled up a steady margin. Belanger, outwitted and out-punching, demonstrated his skill to the last.

FEARFUL FIGHTER
Domman moved himself a good deal of a pleasing man. After the first round off Domman in the tenth round he switched his tactics and punched and demonstrated his skill to the last.

Domman gave Domman several punches, particularly in the 10th, 11th and seventh rounds.

HOLLYWOOD

More Than 250 of Country's Best Athletes Compete in Chicago Meet Saturday

STANFORD AND ILLINI STRONG

Two Rivals Doped to Battle for Team Title

Other Coast Squads in Affair on Soldier Field

Four Champions Return to Defend Crowns

CHICAGO, June 5. (AP)—Winners of more than twenty conference championships will compete for the national collegiate track and team title on Soldier Field Saturday. While Stanford and Illinois are the outstanding favorites to win the national championships, Georgia Tech, Southern conference champions; Kansas, Missouri Valley titleholders; Rice, winner in the Southwestern Conference; Washington, winners of the Pacific Coast meet in the absence of Stanford; and Marquette, which won the Central intercollegiate at Milwaukee last week, will be strong contenders. The entry list for the national championships, which will be an official Olympic team try-out, seemed to be complete yesterday when Gonzaga, Cal., Ohio State and the University of Oregon entered. Nine Big Ten teams have entered. Twenty-eight States will be represented at the meet with more than 250 athletes. Only four of the individual champions of last year's meet will return Saturday to defend their titles. They are Ed Hamm of Georgia Tech, who won the broad jump last year with a leap of 26 ft. 11 in.; Drogmuller of Northwestern, who won the pole vault with a lift of 21 ft. 3 in.; Bill of Washington, who won the shot put with a heave of 46 ft. 7 3/8 in.; and Pilling of Utah, who took the javelin throw last year with a distance of 190 ft. 6 in. All of their marks have been bettered in this year's outdoor competition.

LOCAL FIGHTER DROPS VERDICT

(Continued from First Page) when he wobbled the big boy with stiff lefts and rights to the chin. In the eighth he patted him with a left hook to the chin that sent Doman's head snapping to his back. It looked for a minute as if Belanger might have upset his foe, but he followed up his advantage. They say Doman must be knocked down to get him in the proper fighting range. It appeared last night that he was pasted hard enough and often enough to throw a fit, and for that matter he did throw everything he had into the fray. He sailed into Belanger time after time with a head of his own that left a mark on the Doman anatomy.

CLARK HAS IT EASY At the finish Doman was bleeding from mouth and nose. Referee Clark was in a soft spot, and had no difficulty in pleasing the bugs. The semi-final was an eight-round draw between Joe Woods and Leo Mitchell. Woods did practically all of the fighting and Mitchell the posing. The latter scored when he did fight, but Woods' aggressiveness earned him exactly what he got. Tom Kennedy's big boy, Russell Walters, got a little the worst of it in his six-round bout with Pete West, a newcomer. In the second of the program's four heavyweight arguments, West staged a last-round flash and got the nod from Referee Joe Rivers.

H.A.C. Plans Huge Festival

Austin Clapp, 17-year-old Hollywood Athletic Club swimmer, who hurled a brilliant field of west coast aquatic stars to top the Silver Gate Channel swim in San Diego last Sunday, will be the guest of honor at Hayden Phyllis' "family night" medley, scheduled for the Circle-II gymnasium Thursday evening. Weston Kimball, who finished second to Clapp in the Border City classic, will attempt to outpace the speedy Hollywood High School merman in a feature exhibition race that has been arranged for the more than 250 guests expected to attend the first real get-together ever staged in the Hollywood Athletic Club home. Phyllis has arranged a series of surprise competitions, including boxing, fencing, wrestling, volleyball, handball, drill exhibition and interfamily relay running and walking races for both men and women members and guests of the Circle-II institution.

SPEED BOATS FEATURE AT LAKE ELISNORE

ELISNORE, June 5.—Two speed boats which recently established official world's records are among the numerous entries which will compete at Lake Elsinore in the speedboat races on Police Day, Sunday, the 10th inst. It was announced here today. Boat owners from San Francisco, Oakland, Santa Barbara, San Diego and Balboa have signified their intention of entering the races which is one of a series of four, the winner to receive one of the largest and costliest trophies ever awarded in such an event on the Pacific Coast. Cecily Cunha from Honolulu, the holder of several world's swimming records, and Weston Kimball of the Illinois Athletic Club, Chicago, Ill., are among the entries in the aquatic contests. Los Angeles Athletic Club, Hollywood, Casa Del Mar, Pasadena Swimming and Country Club and other prominent clubs of Southern California are entering contestants.

HELEN WILLS TO PASS UP MIXED DOUBLES NET TITLE

PARIS, June 5. (AP)—Miss Helen Wills, winner of the French international women's singles tennis championship yesterday, announced today that she and her fellow-American, Miss Elizabeth Ryan, will not defend their British championship in the women's doubles in the tournament at Wimbledon, Eng., beginning June 25. Miss Wills said she had decided to confine her preparation to the women's singles and the mixed doubles in which she will be paired with Francis T. Hunter, second ranking American player.

STRANGLER REFUSES TO DROP HEAD-LOCK HOLD

Billy Sandow, manager of Ed (Strangler) Lewis, world's Wrestling champion, vigorously denied yesterday that the title-holder would abandon the headlocks for any other hold for his no-time limit bout with Nick Lutze at the Olympic week from tonight, or for any other bout. The famous manager of Lewis declared neither he nor his champion had ever had any intentions of using anything but the headlocks on Lutze, and he could not understand how reports to the contrary were circulated, unless it was an effort on the part of Lutze's followers to belittle Lewis. The incident seems to have become fixed fairly deep under Sandow's skin. He declares that when Lewis faces Lutze this time he will give the young challenger the worst roughing ever given any grappler in the local ring. Lewis will be the "vindicator" of old when he faces Lutze this time. Another thing that Sandow appears to be riled about is the reports that Lewis fouled Lutze in the first round of their fight.

GRANGE-PYLE PACT ENDED

(Continued from First Page) pects Red home tomorrow. At Pyle's hotel in New York, it was reported he was out. Grange's withdrawal from the partnership, it is rumored, is a result of the recent cross-country race. In this venture he and Pyle stepped on an elevator marked "down" and the firm's stock dropped to an alarmingly low level, it is said.

TOM MOORE WINS AUERBACH RING GO

FRESNO, June 5. (AP)—Tom Moore, big blond slugger from Los Angeles, pounded out an easy ten-round victory over Herman Auerbach of Salt Lake here tonight. Auerbach had not the strength to match the body punching of the young Irishman in a bout devoid of boxing. Moore had a margin in seven rounds in the opinion of ring-siders.

ROCCO VICTOR OVER FRENCHY BELANGER

TORONTO, June 5. (AP)—Frenchy Belanger lost his Canadian flyweight crown tonight when he was outpointed in the second of the bout by Steve Rocco, Toronto Italian. Eight thousand persons saw the fight.

THEY'RE OFF TO DERBY TODAY AT EPSOM DOWNS

LONDON, June 5. (AP)—A vagabond army camped tonight on Epsom Downs, where tomorrow the year's finest 3-year-olds will match speed and stamina for derby honors in the world's most famous horse race. Within sight of the stables, where spirited colts received their training ministrations, gypsy and tenderfoot from the city gathered around watchfires to debate the merits of their favorites. In accordance with the traditions of the derby eve these nomads, professional and amateur, had come as the vanguard of the horde which will swarm the Downs to view the supreme turf classic. The names most heard about the fires were Fairway, Sunny Trace and Flamingo, a trio of grace and power, full worthy to share the glory of derby day. Fairway retained the prime favorite. Lord Derby's colt galloped six furlongs today showing a fine burst of speed in the final workout that brought joy to the heart of his jockey, Tommy Weston. After Fairway, which the experts are backing strongly betting support swung impulsively to Lord Dewar's brown speedster, Sunny Trace. This colt has a fine if somewhat inconsistent record to boom him but the fact that it will carry last year's champion rider, Gordon Richards, has gained additional friends. Less flashy but more dependable is Flamingo, whose unflagging courage and fair speed warrant high esteem. Rain is forecast for tomorrow and if the course is heavy Flamingo's stock will be stimulated. Charley Elliott, who coaxed Call Boy home first in the derby last year, will be astride Sir Laurence Phillips' colt. King George and a host of society folk attended the first day of the derby meeting today and the sovereign will be accompanied by the Queen and most of the royal family to grace the gala event.

RICKARD TO TEST TAX LAW

NEW YORK, June 5. (AP)—Tex Rickard announced today he will test a test of the new Federal revenue law, increasing from 10 to 25 per cent the tax on fight tickets or other amusement admissions over \$5.

CONSOLATION PLAY IN OLYMPIC SOCCER

AMSTERDAM, June 5. (AP)—Two consolation matches were played today in the Olympic Games soccer competition. Chile defeated Mexico, 3 to 1, at Arnhem, while Holland was winning from Belgium by the same score at Rotterdam.

DRAW FOR TENNIS TOURNAMENT

Drawings for the singles matches in the municipal tennis tournament, which commences Sunday at Griffith tennis courts, are to be made tonight at a special meeting of the board of governors of the Municipal Tennis Association, 80-100th St., New York City.

CHAPLIN NAMED IN DEATH TRIAL

Clark Says Solovich Was in Fear of Comedian

Slayer States Victim Told of Divorce Evidence

Marion Davies and Lillian Gish Mentioned

MANTI (Utah) June 5. (AP)—Sheldon Clark, confessed hammer slayer of Don Solovich, ex-butler and film extra of Hollywood, testified in his murder trial here today that Solovich was "hiding from men who, he declared, were Charlie Chaplin's agents" during the last few days he was in Los Angeles last January. "We stayed with some friends of Solovich in Pasadena, and every time the doorbell rang he hid in the bathroom," Clark testified. Solovich, whom Clark says he killed in self-defense on a lonely road near Gunnison, Utah, January 4, last, while they were driving to Salt Lake City, asserts that it was through him that Lita Grey Chaplin was "able to get her divorce from Charlie Chaplin," Clark testified.

TELLS OF CHAPLIN
Describing for more than three hours the Hollywood activities of the slain man, Clark said: "He told me all about his relations with Charlie Chaplin and Lita Grey. He said Chaplin became interested in him when he was a child and took him into his home."

Clark continued that the former butler planned to use his asserted connection with the Chaplin divorce case as the basis for a \$200,000 suit against the film actress. Solovich asserted she promised him 10 per cent of all the money she got from Chaplin if he would appear as her star witness at the divorce trial.

When his services as a witness were made unnecessary through settlement of the case out of court, Lita Grey offered to settle with Solovich for \$50,000 but he refused, the witness related.

CLARK ALSO SAID Solovich had had papers drawn for a \$1,000,000 suit against the comedian but the grounds for this were unexplained. Clark said he first met Solovich while working in Los Angeles hotel, and that the ex-butler employed him as his chauffeur at a salary of \$80 a week.

He said he drove Solovich to the homes of several prominent screen actresses and actors at various times, and that Solovich called at Marion Davies' residence "on an average of twice a week."

Other homes to which the witness testified he drove Solovich were those of Lillian Gish and Charles Ray.

Clark is expected to resume the stand tomorrow.

SUIT TELLS OF BRITISH LIQUOR PLOT

Knight Sues to Recover Sum Advanced to Start Rum-Running Ship

(Copyright, 1928, by the Chicago Tribune.)
LONDON, June 5. (Exclusive).—A sensational bootlegging scheme, involving a shipment of 7500 cases of Scotch whisky presumably to the United States with the financial backing of a British knight who also is a member of Parliament, was uncovered here today when Sir Harry Seymour Foster, member of Parliament, sued two principals of the Tower Trading Syndicate of London, as well as others, for damages for asserted breach of agreement as well as the return of a \$27,000 bill of exchange and the declaration of bill as void.

Details of the gigantic project which were disclosed in the high courts reveal that Sir Harry advanced \$5000 and F. A. Lindsay, distiller, who is one of the defendants, advanced \$12,000 enabling the defendants to purchase a ship which was to pick up the liquor cargo at Dublin and then proceed to America.

Mr. Lindsay agreed to supply the whisky from Glasgow or Leno to the Tower Trading Syndicate while Sir Harry financed the elaborate scheme and A. H. Field undertook the American sale.

WORLD JUDGES DON HIGH HAT

International Court Members to Have Diplomatic Rank at Court of Holland

GENEVA, June 5. (AP)—The judges of the International Court of Justice henceforth will be accorded the same rank as ministers accredited to the court of Queen Wilhelmina of Holland by an agreement confirmed by the Council of the League of Nations today. Thus a dispute which at one time threatened to drive the World Court out of The Hague was adjusted.

The wives and unmarried children of the judges also will possess diplomatic privileges and immunities which will be the same as those granted to the diplomatic corps.

SLAIN ROBBER IDENTIFIED
STOCKTON, June 5. (AP)—Charles Adams, 23 years of age, of El Centro, has been identified as the man shot to death early Saturday morning by Charles Capps as he attempted to rob the latter's grocery store at Salida.

BOULDER DAM PARLEY SLATED

Coolidge and Work to Meet at Summer White House

WASHINGTON, June 5. (Exclusive).—One of the first important conferences to take place at the summer White House in Northern Wisconsin, it is believed today, will be between President Coolidge and Secretary of the Interior Work and will relate to the appointment of the engineering commission which is to survey and pass on plans for the proposed Boulder Canyon dam.

The Pittman resolution enacted in the closing hours of the recent session of Congress calls for a commission of five engineers to study Boulder dam, and provides that the President shall supervise their selection. The intention was to make the President really responsible for the selection of highly competent men, whose report will carry confidence. President Coolidge is known to regard the duty placed upon him as of the utmost importance, and it is understood he has written to Secretary Work instructing that no step toward forming the commission be taken until he has been consulted.

Secretary Work, however, is in Kansas City for the Republican National Convention and is not expected back here until after President Coolidge has left for Wisconsin. Tentative arrangements have been

VOLIVA LEAVES EARTH FLAT

Tour to Prove It Not Round Abandoned to Combat Mrs. McPherson

NEW YORK, June 5. (Exclusive).—Dr. W. Glen Voliva, head of Zion City, Ill., who started out from New York five months ago on a tour around the world, which he believes is flat, returned here today on the Cunarder Laconia.

He did not conclude the circumnavigation, but decided to hasten home because Almer Semple McPherson is proselytizing in his territory, it was reported.

It is said, for Mr. Work to visit the summer White House immediately following the Republican convention.

Dr. Elwood Mead, chief of the Reclamation Service, whose engineers prepared the plans upon which the project is based, said today that if the commission of re-survey gets started on its work early in July it will have ample time to complete its task and report back to Congress December 1, next, as required by the Pittman resolution.

HIGH OFFICIAL'S OUSTER VOTED

Massachusetts Assembly Takes Rare Action

BOSTON, June 5. (AP)—For the first time in more than 100 years the Massachusetts House of Representatives today voted to recommend the impeachment and removal of an elected officer of the commonwealth. By the overwhelming vote of 186 to 18, the House assured the impeachment of Atty.-Gen. Reading on charges of gross misconduct in office.

Not since 1821, 107 years ago, has such a scene been witnessed in the Massachusetts Legislature. At that time Judge James Francis of the Probate Court of Middlesex county was impeached and removed from the bench.

The main charges against the Attorney-General concerned his acceptance of a \$25,000 retainer from the Deacons Club, Inc., when the affairs of that organization were under investigation by his department and his activities in bringing about a reorganization of the United L. A. W. Corporation.

SENATOR JONES IMPROVES
WASHINGTON, June 5. (AP)—Senator Wesley Jones of Washington, who yesterday underwent a major surgical operation here, was resting comfortably today after a good night.

THE V-TYPE ENGINE

and THE OPEN MIND

JUST as electric self-starting and lighting were developed first by General Motors—just as Duco was first adopted by a General Motors car—

So the V-type eight cylinder engine was an achievement of General Motors' research and resources, applied to a difficult problem over many years.

As early as 1912 it was recognized that a car of Cadillac's distinguished quality deserved an engine of distinctive performance. The engineers set out to develop it.

The introduction of the V-type eight cylinder engine in 1914 was a decisive improvement. Here was a radically new principle of design. Here was a shorter, more compact engine, leaving more body room. Here were cylinders so arranged, and with the carburetor so placed, as to provide effective vaporization and distribution of the fuel. Here was easy cooling. Here, in a word, was a wider range of performance than had ever been built into an automobile before.

What happened in the next ten years is history. The sales of Cadillac exceeded the combined sales of all other cars in its price class or above.

Later another revolutionary improvement was made. The engine was completely redesigned, so

that it became, in effect, four V-type engines, of two cylinders each, working on a crankshaft that had been compensated so as to produce perfect balance. Vibration ceased. Power and smoothness were greatly increased.

With this background a new automobile, the LaSalle, was introduced. So much Cadillac experience lay behind it, so much testing and seasoning were provided by General Motors that, though a wholly new creation, it was lifted by the public to immediate leadership.

General Motors is fortunate in the fact that engineering discoveries are brought to its door; great research laboratories are at its command; all important developments, either here or abroad, are tested on its Proving Ground.

Such resources afford great flexibility in program and production. General Motors is not bound by tradition or restrained by the cost of improvement, but can build any type of engine it desires, and does build fours, and sixes and eights. In each instance the engineering problems are met with complete freedom of decision—with all the facts and an open mind. Such thinking resulted in the deliberate choice of the V-type engine, and its subsequent improvement.

Impressive Air Caravan Brings Inventor and Northern Bankers Here

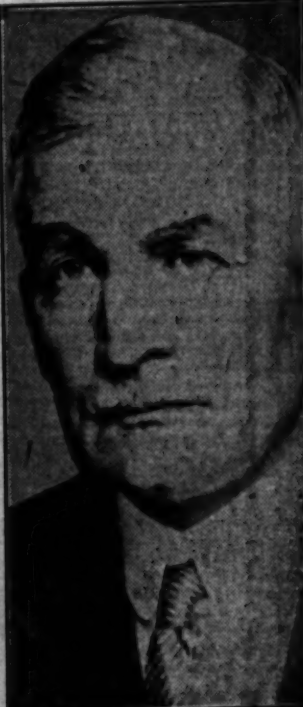

Fokker Plane, the Richfield Trimotor De Luxe and Two Passenger Planes of the Western Air Express, swooped down out of the North Outo Vail Field yesterday afternoon bearing Anthony H. G. Fokker, designer of the plane, and his party from Chicago, and a party of twenty-one bankers from San Francisco. Photo shows the entire group lined up in front of the Richfield plane. (Times photo.)

Best Policeman in the World is Member of San Francisco Force, according to the claims of those who have seen Officer George Haas in action. Haas is shown dragging by his teeth a nine-ton truck and four fireman, a mere nothing for the stalwart officer. He bends horseshoes with his teeth, tears telephone books and decks of cards and performs other parlor tricks. (P. & A. photo.)

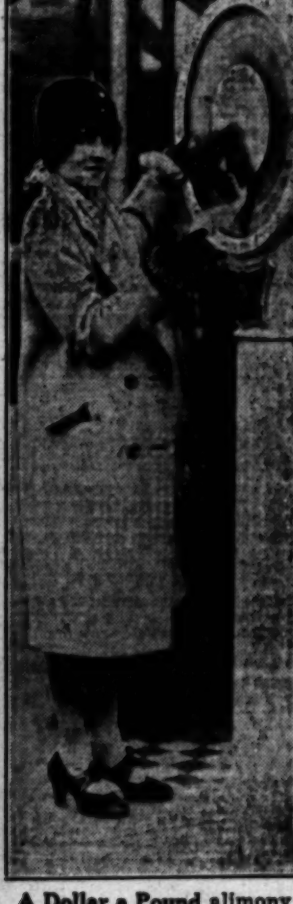

A Flash Flood Which Swept Down Big Pine Creek in Owens Valley early yesterday morning is believed to have taken a toll of three lives. In addition considerable damage to property resulted from the torrent released when a landslide backing up water at head of valley, gave way. The Big Pine power plant (above) will be out of commission for several days.

Unpleasant News for rum runners in waters around New York City is contained in announcement that Commander P. W. Lauriat has been transferred to district. (P. & A. photo.)

Named the World as Art and Culture Envoy of the city of Los Angeles is the prize to be awarded the winner in the "Joan of Arc" contest staged in conjunction with forthcoming Music Pageant. Georgia Panagiotis, a prospective Joan, seeks information regarding Guatemala from Fabio Panlagua, Consul General.

A Dollar a Pound alimony was awarded Mrs. Nellie Rectenwald by a Chicago judge the other day. Unfortunately, the woman weighs only 78 pounds. (P. & A. photo.)

Sinclair Lewis and His Brand New Bride are pictured here on the steps of the auto "caravan" in which they are honeymooning in England. The author has brought his portable typewriter into play and is evidently "making hay while the sun shines." (P. & A. photo.)

The Latest Thing in eyeglasses is the white gold, octagon-shaped pair displayed at recent New York style show by the mannikin above. (P. & A. photo.)

No White Woman had ever set foot in the interior of the Province of Darien, Panama, until Marybelle Barrick and a woman companion braved dangers recently. (A. P. photo.)

A Speed of 125 Miles an Hour Was Attained easily by an automobile propelled by the new rocket motor, the invention of a German engineer, on a Berlin track in recent tests. Photo shows Herr Sander, the inventor, and gives glimpse of rockets attached to rear of car. (P. & A. photo.)

OUR HISTORY IN PICTURES 1048 The Story of Our War With Spain. Aguinaldo and the Americans.

by J. CARROLL MANSFIELD

AT THE OUTBREAK OF WAR BETWEEN THE UNITED STATES AND SPAIN (1898), AGUINALDO AND OTHER LEADERS OF THE REBELLION INSURRECTION WERE IN SINGAPORE. AGUINALDO, A MAN OF GREAT ABILITY, RESOLVED TO TAKE ADVANTAGE OF THE STRUGGLE TO GAIN INDEPENDENCE FOR HIS PEOPLE.

HE MADE OFFERS OF COOPERATION TO ADMIRAL DEWEY, WHICH WERE ACCEPTED, AND WENT TO THE PHILIPPINES, WHERE HE WAS WELL RECEIVED BY THE AMERICANS. AGUINALDO AT ONCE SET UP A REPUBLICAN GOVERNMENT AMONG THE FILIPINOS.

HE WENT ABOUT ROUSING THE ISLANDERS, AND BEFORE LONG HAD A LARGE FORCE AT HIS COMMAND. THEN HE LED HIS COUNTRYMEN AGAINST THE SPANISH POSTS IN CAVITE PROVINCE.

UNABLE TO HOLD THEIR ISOLATED FORTS IN THE REBELLIOUS DISTRICTS, THE SPANISH FORCES ABANDONED THEM AND RETREATED INTO MANILA. AGUINALDO'S ARMY INVADED MANILA PROVINCE AND OCCUPIED TOWNS WITHIN EASY DISTANCE OF THE CAPITAL.

Del Rio in a New Role—The petite Mexican film actress has just completed the first of a series of Mexican numbers in both English and Spanish for a photograph company, and in this photo she is shown looking for the first time to her own picture on photograph.

CLEARINGS, MONEY

Woman Wrangles With Bandit Over Parking Space While His Partner Robs

BUSINESS FIRST, OUTLAW HOLDS

"Sorry, Lady, But I'm Busy," Says Accomplice

La Brea Branch Loses \$400 to Hold-up Pair

Crime Third of Like Nature in Past Five Days

A bank-bandit's accomplice yesterday was out in an argument with a woman over parking her automobile while he waited for his partner to rob the Los Angeles-First National Bank branch at La Brea avenue and Country Club Drive.

As a result H. L. Barker, manager of the branch, was forced to hand over \$400 to the bandit and the woman motorist, Mrs. Pearl Cox of 4781 West Twelfth street, found a place to park her automobile only after she had entered a heated argument with the bandit's accomplice and expressed her opinion of a man who wouldn't move his car a few feet to allow a woman to park her machine.

"I'm sorry, lady, but I've got important business going on right now," the driver of the bandit machine said.

A few seconds later the bandit ran from the bank with his hat in his hand. That was the end of the hold-up. He jumped in the car and the two men sped from the scene.

Mrs. Cox then parked her machine. The hold-up of the bank yesterday was the third bank hold-up in Los Angeles within the last five days. Barker, the manager, two other employees and a customer, Mrs. Alta Williams, were in the bank at the time of the hold-up. They were threatened by the hold-up if they should attempt to interfere with him.

THE LANCER

(Continued from First Page) butcher birds in a cage, hung carefully in the shade, and there were half a dozen dogs of various disposition.

A LONELY EXILE Most of them live here, always with the hovering expectation of going back to the family in China. It is part of the religion of every Chinese to have descendants to burn punks to his memory that he may have "face" in heaven. So they generally have families in China.

One old fellow showed us the photograph of his wife and children and grandchildren. He gave us the picture and walked a little apart, and when he came back we saw the tears rolling down his cheeks.

Yet when the chance comes for them to go back to China they are seldom happy. One went over a year ago to start a cotton plantation in Manchuria. He is back on the ranch. "Too much dam' fight," he says, briefly.

PROTESTS OVERHELD Protests representing but 11 per cent of the frontage on Avenue 28, from York Boulevard to Pasadena avenue, were denied by the City Council yesterday. Improvement of this street was ordered to proceed. The next steps will be the adoption of the final ordinance and the award of the contract.

EARLY PICK OF AIDE TO KEYES SEEN

Gossip Busied With Names of Murray or MacKay to Succeed Davis

Appointment of a successor to Harold L. Davis, chief deputy to Dist. Atty. Keyes, is expected to be made today, according to authentic reports from Keyes's office.

Davis recently announced his resignation which will become effective on the 15th inst. when he will return from his vacation. At that time he will go into private practice.

Various rumors were current as to who would be named but it was generally conceded that either Forrest Murray, another assistant, or Donald MacKay, head of the trial department, will be the appointee.

For the last six months Murray has served as acting chief deputy. Davis was engaged in the Julian case.

Feed 'em Films of Wild West, Say Defendants

On Third street, downtown, they want westerns. If they get society pictures it is only to be expected that business will fall off.

This, according to R. D. Dawson and John Huestetter, explains why Don Thornburg did not make \$400 a week out of the Rex Theater.

Thornburg related that he was living miserably in love when the defendants persuaded him to buy the theater at 27 West Third street. They said he did not make good because he showed the wrong kind of films. The case may be decided today.

More Workers Sought in Drive

For the purpose of enrolling workers for the United Jewish Appeal to raise \$200,000 for the relief and reconstruction of numerous national and international Jewish causes, a mass meeting will be held at 8 p.m. today at the Third-street synagogue in Hollenbeck Heights.

President Chaim Shapiro of the Jewish Consumptive Relief Association will be the principal speaker. Other speakers include Rabbi Moses of the Third-street synagogue and Rabbi H. Silver. Dr. G. Segal will be chairman.

Motorist Sentenced to Five Days in Jail

Accused of driving past the intersection of Fairfax avenue and Santa Monica Boulevard at a rate of fifty miles an hour on April 28, last, and of failing to appear in court to answer the charge, Walter J. Sharp, Jr., 225 West Adams street, yesterday was sentenced by Municipal Judge Reed to serve five days in jail.

STEPPES OF SIBERIA NO MYSTERY TO HER

Miss Clara Stinner, a slight, dark-haired girl whose appearance belies her extraordinary accomplishments.

MOTORING GIRL SAILS ON NEW TRIP

Miss Stinner Will Tour South America as Last Part of World Journey

Miss Clara Stinner, a slight, dark-haired girl whose appearance belies her extraordinary accomplishments, is leaving for South America today.

Increased by his refusal to settle, the setting Consul asserted the office took him to the Seventy-seventh street station, where he charges he was subjected to further abuse by the setting Consul. The office released, however, without booking and his complaint to the Police Commission followed and was returned to Chief Davis for investigation.

HOOVER GROUP STARTS EAST

(Continued from First Page) scheduled to hold pre-convention conference with the Northern California delegation before the entire State delegate party leaves on a "Hoover Special" train for the Middle West.

PARTY WILL LEAVE SAN FRANCISCO TODAY

SAN FRANCISCO, June 6. (Exclusive)—Confident that Herbert Hoover will emerge from the Kansas City convention as the Republican choice for the Presidential nomination, California's delegation will entrain here tomorrow afternoon to do their share in impressing the Golden State's uncommitted choice upon the nation at large.

A special train will carry the Hooverites to Kansas City, where they will be met by the party. The delegation will go east via the Southern Pacific and is scheduled to leave for Kansas City today morning. Several of the delegates and a few of the alternates are expected to leave for Kansas City to take part in pre-convention arrangements and activities. Headquarters for the California delegation is established at the Aladdin Hotel, where four floors have been set aside.

A sufficient quantity of California orange juice to slake the thirst of the entire Golden State delegation is being distributed to the delegates and alternates. The juice is being taken along.

TERMS OFFERED FOR VAIL FIELD

(Continued from First Page) term being a straight lease without an option to purchase.

"Finally, the Vail field is a tried, proven and going airport, whose excellence is proven by accurate data (as distinguished from total absence of data regarding any other site offered) compiled by one of the most successful air-transportation companies in the world over a period of more than two years of actual and highly successful operation, and is bedged about with none of the uncertainties of an untried location or unknown conditions which apply to any unproven site.

"Bearing in mind the advice and endorsements of representatives of the United States Department of Commerce, army and navy officers and others qualified to know and who have no interest other than the selection of the best airport possible, and applying their advice to the requirements, we respectfully submit the above facts conclusively show this property to be the ideal municipal airport for the city of Los Angeles."

Police Badge Change Urged

Action by the Police Commission toward obtaining a new type of police badge for all members of the police department was stimulated yesterday by Lieut. F. P. Stevens of the police personnel, who presented the commission with a photograph of a sack of thirty fake badges made on the identical pattern of the present badge used by the police. The ratings on the fake badges range from patrolman to captain and include imitation police-reporter badges.

Lieut. Stevens reported the badges had been collected over a period of five years from persons brought into the police station on various charges. Of the regular police badges he reported that approximately 140 have been lost, stolen or could not be accounted for.

POLICE MENTOR OUSTS OFFICER

New Official's First Hearing Results in Conviction

Patrolman Discharged and Sergeant Fined

Charges of Abuse Brought by Consul Upheld

Patrolman James W. Ellison of Hollenbeck Heights division was discharged from the Los Angeles Police Department yesterday and Sgt. F. A. Rigns of the Seventy-seventh street division was fined fifteen days pay following their hearing before Deputy Chief of Police Lyons on charges of misconduct and abusive language and treatment brought by Henry Hancock-Livingston, acting British Consul.

The charges were the first to be heard under the new reorganization plan announced by Chief of Police Davis. The charges were brought by the police trial board and named Lyons, head of the personnel division, as the only trial official.

The formal complaint was filed by Acting Consul Hancock-Livingston, following an automobile crash at 34th and Eighty-fifth streets May 13. The acting Consul stated that a car, which he learned was driven by Officer Ellison, crowded him into the curb in such a manner that the rear fender of the policeman's car caught on the front bumper of his machine. The complainant asserts that the policeman jumped out and began to abuse him for running into his machine, and made a hysterical demand for immediate settlement of damages.

Increased by his refusal to settle, the setting Consul asserted the office took him to the Seventy-seventh street station, where he charges he was subjected to further abuse by the setting Consul. The office released, however, without booking and his complaint to the Police Commission followed and was returned to Chief Davis for investigation.

GAS-ROW PEACE PLAN PROPOSED

(Continued from First Page) charged for all gas used in excess of 500 cubic feet.

In District Three, including Hawthorne, Maywood, Inglewood, San Marino, Glendale and Monterey Park, it is proposed that the meter service charge would be 70 cents with gas sold at 14 cents per thousand cubic feet, or a minimum charge of 80 cents per meter be used now paid at 12 cents per thousand cubic feet in excess of 500 cubic feet.

ADVANTAGES STRESSED

Although he personally favored the minimum charge plan, Grunsky declared that either of these forms of two-part rates would levelize effectively the corporation's peak revenue in winter months and low returns in summer months.

Adoption of one of these plans also would tend to away with frequent rate hearings and changes by lessening the discrepancies between earnings in different years, he stated.

Another advantage of the two-part rate, according to the witness, is that it put into effect the means of reduction in rates to the majority of consumers, although those who use less than one-half of the average consumption would meet with an increase, which he justified on the ground they are not entitled to the share of the total cost of gas service.

The two-part rate also would reduce the differential in the present rates between communities and would in effect be a victory for Dep. City Attorney Diether of Pasadena, who through the several hearings lasting over a long period of months, has fought to have the gas rate returns from the eleven precincts were high-school proposition, Yes 3040, No 3280; elementary school proposition, Yes 3224, No 3124.

A slight vote was cast. Out of 1,300 registered voters there were approximately 6000 who went to the polls.

The proposed \$1,285,000 junior high school was the outstanding item in the proposed issue. The rest of the issue was for elementary buildings.

BALBOA IN FAVOR OF STREET BOND ISSUE

BALBOA, June 6. — Voters of a special improvement district here today authorized a \$26,000 bond issue to widen Central avenue, principal thoroughfare of this city and Newport Beach. The bonds carried 113 to 30.

Traffic will be given nine and one-half additional feet of space by removal of intersection tracks and poles from the center of the street and placing them on the side.

The district includes all property between the ocean and the bay from Alvarado street to B street.

FOUR ALHAMBRA BOND ISSUES DEFEATED

ALHAMBRA, June 6. (Exclusive) The election here today resulted in the choice of W. W. Numan, George A. Houser and John H. Coulter as City Commissioners for the first, second and third districts respectively. The vote in the Commissioners' race was as follows: First District, Numan, 179; Kelly, 278; Second District, Houser, 267; Coulter, 267; Third District, Coulter, 267; Numan, 127.

WOMAN ARRESTED ON POSSESSION CHARGE

Mrs. Mabel Lloyd, 27 years of age, 3647 Lexington avenue, was booked on a Writ of Arrest possession charge at Central Station last night. She was arrested by Hollywood police, who reported that they found 320 cents and fifty quarts of beer in Mrs. Lloyd's home. She said she has been here three months.

CONVENTION TO DELVE IN EYES' LORE

State Optometrists to Hear Experts Expatriate Here on Subject of Vision

What's good or bad for the human eye and in general the subject of vision will be the theme for two hundred and more leading optometrists of California, meeting here today in their twenty-second annual educational congress.

Sessions will be held at Hotel Alexandria and they will continue throughout tomorrow.

Development of the past year in material aid to sight as well as the results of research in its psychological phases, will be considered. Northern delegates and speakers arrived here this morning by special train.

In connection with the congress an exhibit of styles in spectacle-making will be an interesting feature. This will include not only the latest styles but also a variety of instruments and appliances bearing upon sight and in correlated phases. The exhibit will be in charge of a committee headed by Dr. Ernest A. Hutchinson.

ASSESSMENTS UPHOLD

Assessments to pay for the completed improvement of Sepulveda Boulevard from Ohio street to Pico Boulevard were confirmed by the City Council yesterday. The total assessments are \$112,220.

THREE FLOOD VICTIMS LOST

(Continued from First Page) some distance from where it has originally been packed.

According to dispatches from Big Pine last night, F. M. Ritchie of Ventura, another camper, escaped from the torrent only after a severe struggle, in which he was seriously injured. Physicians at Big Pine say he will recover.

CAUSED BY LANDSLIDE

The flood was caused by the backing up of water when a landslide at Sage Flat, about seven miles up, blocked the mouth of Big Pine Canyon. The landslide occurred some time Monday.

The first warning of the torrent, at first thought to be the result of a cloudburst, came rumbling down the canyon near the intake on the creek which supplies water to the power plant operated by the Los Angeles Bureau of Power and Light. Angelo Frangulidis, keeper at the intake, fled in his nightgown to a telephone in the power plant. While he was at the telephone the rushing waters swept his cabin down the canyon.

A portion of the concrete diversion dam at the intake was torn out, slabs, rocks and boulders were swept into the pastock or big steel pipe which conducts water from the creek into the turbine at the power plant. The pastock was clogged for about 100 feet.

On approaching the power plant the flood was diverted by a natural formation of the land and the plant escaped.

Superintendent for the city in the Owens Valley, estimates damage to city property will not exceed a few thousand dollars. The power plant will be out of service for several days. The lines it serves in the valley will be handled by other plants.

A small portion of the county road in the canyon was torn out and was a number of small bridges. The county put a crew of men to work repairing the bridge, and the road again will be in commission in about twenty-four hours.

A portion of the flood waters raced down across the mesa and at one time a portion of the town of Big Pine was under several inches of water. No damage was done.

Government rangers in the district, said there had been no unusual rainfall in the mountains nor a cloudburst.

FATE OF SCHOOL BONDS IN DOUBT

(Continued from First Page) Trade School, fifty-five additional to old buildings and eighteen bungalows. Substantial additions also were made to the warehouse.

SANTA MONICA'S SCHOOL BONDS LOST

By a "Times" Staff Correspondent SANTA MONICA, June 6.—Santa Monica's \$1,360,000 school-bond proposition was defeated today when they failed to gain the required two-thirds majority.

The proposition returns from the eleven precincts were high-school proposition, Yes 3040, No 3280; elementary school proposition, Yes 3224, No 3124.

A slight vote was cast. Out of 1,300 registered voters there were approximately 6000 who went to the polls.

TED LEWIS LEADS ACTS AT ORPHEUM

Band Leader Arrives at Vaudeville House Sunday as Headliner

Ted Lewis with his dilapidated silk hat, his "is everybody happy" his band of merry musical clowns, comes from new triumphs in "Artists and Models" to be the headline attraction at the Orpheum starting Sunday.

It has been three years since "the high-hatted tragedian of song" has appeared on the Keith-Orpheum circuit.

With him this year, besides his band, are Eleanor Brooks and Eddie Cline.

He brings new songs which he sings as only Ted Lewis can, new dances and even a wealth of comedy which makes the offering a balanced presentation.

A special bill of Keith-Orpheum features will appear on the program surrounding.

He brings new songs which he sings as only Ted Lewis can, new dances and even a wealth of comedy which makes the offering a balanced presentation.

"Tenderloin" Booking for Warners Told

The third attraction at Warner Brothers Theater in Hollywood will present Dolores Costello in "Tenderloin," another Vitaphone talking picture which will open the 18th.

This picture, which, as its name indicates, is a story of underworld life in New York City, brings back to Warner Brothers Theater the same combination that scored so heavily in "Clash of the Titans"—Dolores Costello and Conrad Nagel. It was directed by Michael Curtiz from an original story by Melville Grossman.

The cast, in addition to the featured duo, includes Mitchell Lewis, Dan Wolheim, John Miljan, George Stone and Pat Hartigan.

Larry Coburn is already busy rehearsing a brand new revue which he promises will be more pretentious than any of his first two.

It will be entitled "The Crystal Cave" and will feature a New York cabaret similar to the one which is the "backbone" in the picture.

Many principals and the forty theater dancers will be featured.

New cast Vitaphone subjects will be Val and Ernie Stanton and Harry Conley in "The Bookworm," Bakalinski's orchestra and "Slim" Martin with his talking trombone.

Stovall Wins Coveted Prize in Competition

Everard Stovall won the annual prize of a grand piano offered by the Fitzgerald Music Company this year. The final audition in which five contestants were heard, was held before a large audience in the Philharmonic Auditorium Monday night.

J. T. Fitzgerald presented the piano with gracious words of appreciation to the young pianist, all of whom showed special promise in playing the difficult Liszt-Saunders concerto in G and smaller pieces.

Stovall is a pupil of Earl Fraser and a resident of Santa Ana. He was the only boy entered in the lists this year.

Walter Davis, who has charge of the education department of the Fitzgerald company, arranged the auditions, the first of which was held for twenty young pianists on Saturday morning. This contest has become a matter of keen anticipation for many of the young musicians of the city and is one of the outstanding efforts toward the encouragement of piano students of this city.

Lena Malena to Greet Patrons

The Metropolitan Theater continues the announcement that it has engaged Lena Malena, Hollywood film actress, for a week's engagement starting Saturday.

Lena Malena is a young German actress of Rumanian parentage. She has one of the principal roles in "Diamond Hands," the M-G-M special coming to the house Saturday. She is the "connecting link" between all three acts of the "Diamond Hands" story, which is enacted in South Africa, Fifth Avenue and New York's "Tenderloin."

Miss Malena in appearance is a typical Rumanian woman. Gypsy in features, with eyes of oriental beauty common to the gray girls of mixed Turkish, Rumanian and Slav blood, she reminds one of the "Diamond Hands" story, which is enacted in South Africa, Fifth Avenue and New York's "Tenderloin."

INITIAL "T" CAUSES HAINES ANNOYANCE

An unusual bit of autobiography comes from Robert T. Haines, New York actor, who gives an outstanding performance as Baron Orlford, of the great world of fashion, in Joseph Schildkraut's revival of the romantic comedy, "Pomander Walk," at the Hollywood Playhouse.

Haines says there is one dark secret about him people are always trying to discover.

"Trying to hide it is a futile task," he says. "Everything about an actor always comes out, so I might as well tell it myself. It stands for 'Tenderloin' and 'T' for 'Tenderloin'."

"As a young man," said Haines, "I held out against it for a long time, but at last capitulated."

"Just who and what Sir William was or was not is another dark secret," Haines announced. "I was brought up with the knowledge that he was a great man and an ancestor of whom to be proud. At any rate, he was rich, and to be rich in those days implied all kinds of things."

Ted Healy was the victim of a practical joke and he thinks he knows whose. He makes the alienation of Phil Baker, who, with Allen Stanley and himself, form the stellar triumvirate in "A Night in Spain," now playing at the Billmore, is the guilty man.

Someone—Healy swears it was Baker and Baker holds up his right hand and denies it—heard that there was to be a male-bathing beauty contest at Venice, beach playground, recently. A car called at Healy's hotel with the information that friends were waiting on the seashore. At the beach Healy was prevailed upon to don a bathing suit by the statement that friends were awaiting him on the sunny strand.

In the open he was informed that he had been entered in the tournament of masculine puerility. He sought refuge under the old sunset pier until the event was over.

He seeks revenge.

"PICKLES" POSTPONED

"Pickles," the one-act play with Burr McIntosh, which was to have been given on the Boulevard Theater stage tonight in addition to the regular program, has been postponed.

The Secret Hour, starring Pola Negri, is the current screen attraction, and E. Max Bradford and his band are offering musical presentation.

KOHNER TAKES OFFICE

Trailing Gown Causes 'Prop' Men Anguish

The property men at the Belasco Theater loudly and emphatically assert that Violet Kemble Cooper, who is co-starred with Mary Nash and Basil Rathbone in "The Command to Love," now playing there, is one of the most gracious and lovely ladies who has ever visited their backstage domain, but they do not care much for her first-act gown.

The gown in question is a beautiful creation of white sequins with a gracefully swirling train that causes a gasp of admiration to arise from the feminine portion of the audience when Miss Cooper first appears on the stage.

To keep the gown from soiling, the stage must be immaculate—so before every performance the tile floor is gone over with a vacuum cleaner; fifteen minutes before the curtain rises the stage is carefully mopped; two minutes before the first act starts the floor wherever Miss Cooper walks is gone over with a soft dry cloth to catch any remaining particles of dirt.

So far Miss Cooper's gown is as spotless as the day it came from the maker, but it would be all right with the property men if she wore a darker and shorter costume some evening.

Jackie Coogan Acts as Host at Big Party

Distinction will go to Jackie Coogan in acting as master of ceremonies at the "screen kiddies' premiere," to be staged with all the features of an adult first night, Saturday afternoon in connection with the showing of "The Trail of '98" at Grauman's Chinese Theater.

Kiddie stars of every studio in filmland reportedly will attend the event in their party clothes and their arrival and greetings to the sightseeing throng expected to assemble will be broadcast by loud speakers in the forecourt and over the air by radio.

The group of cinematic juvenile celebrities to attend will be headed by Johnny Downs, who plays the "little partner" in "The Trail of '98," and will include still cameramen will record the event and plans are being made to present the kiddie stars from the stage in connection with Ed Grauman's prologue, "Tukon Night."

FIRST PROFESSIONAL ROLE WON IN COMEDY

Lloyd Nolan, the young actor who plays Laker, the anarchist, in "The Queen's Husband," at the Vine Street Theater, is making his first professional appearance in this play, following many months of development work under Brown's direction at the Community Playhouse in Pasadena, where he appeared in "The Wild Duck," "The Banker," "Babylon," and numerous other productions.

Nolan is a graduate of Stanford University, class of 1926, and a member of Delta Kappa Epsilon Fraternity.

"RAMONA" TO SHOW AT BROADWAY HOUSE

Dolores Del Rio in "Ramona," the screen production of Helen Hunt Jackson's American novel, opens an engagement at the Broadway Palace Saturday for one week.

"Ramona" is tale of love in nineteenth century California. It is a story of white men's greed and the multi-breasted girl and her Indian lover. Warner Baxter plays Alessandro and Roland Drew, Felipe, in support of Miss Del Rio.

Edwin Carewe directed for United Artists release.

FIRST RUN AT UPTOWN

The popular team of Allen Fung and Lew Cody will be seen starting Friday at the Uptown Theater in their latest farce comedy, "Tee for Three." The film version is taken from Roy Cooper McGuire's stage success of the same name.

Robert Z. Leonard, who directed their first co-starring vehicle, "Adam and Eve," served likewise for this production, which is having its first local run at the Uptown.

VERY SIMPLE, SUN

Dwinnells Benthal and Rufus McGee titled their forty-first picture in "The Little Shepherd of Kingdom Come" now at Low's State Theater. Giving a tongue to the people in the picture, Kentucky mountaineers, at a period so close to the Civil War was easy for them, as both come of southern families; Dwinnells living in Baltimore and Rufus in Georgia.

DYAS GROUP SKATES

Featured by special entertainment tomorrow evening will be celebrated as B. H. Dyas night at the Wilshire Skating Pavilion. Walter Bacon, internationally known fancy skater, will perform, as will Frank Foster, Pacific Coast champion trick skater. Rookledge's band has written a special score, which will be played.

COE OFFICIATES AT CIRCLE

Charles Francis Coe, author, lecturer and world traveler, whose two latest novels, "Me Gangster" and "The River Pirate," are now being filmed at the Fox studio here, has consented to act as master of ceremonies at the premiere of the Howard Hawks production, "Fazio," at the Carthy Circle Theater, Friday evening.

"Fazio" is hailed by the management as the most sensational original romance that has reached the screen since the days of the late Rudolph Valentino's sleek portrayal.

Charles Francis Coe, author, lecturer and world traveler, whose two latest novels, "Me Gangster" and "The River Pirate," are now being filmed at the Fox studio here, has consented to act as master of ceremonies at the premiere of the Howard Hawks production, "Fazio," at the Carthy Circle Theater, Friday evening.

TRIO ARRESTED IN SCHOOL ROW

Charges Follow Hard-Fought Election Contest

Campaign Literature Cited Cause of Action

Successful Candidate Quits Following Victory

HAWTHORNE, June 5.—Charges growing out of the recent hotly fought school election in which Leslie Allen was elected as trustee, have resulted in the arrest of City School Superintendent O. F. Munson, Bernard Martin, publisher of the Hawthorne Advertiser, and Clarence Wenzel, dairyman, here. The charges are violation of Sec. 62-B of the Penal Code governing the authorship and the printing of literature derogatory to a candidate and untruthful or lacking the imprint of the publisher. The trio have been cited to appear before Police Judge Lloyd E. Jones here on the 26th inst., for trial.

Events leading up to the arrest are said to be a continuation of the election controversy in which Allen was elected on a platform opposing the present school administration, and in which he polled a two-to-one vote.

Allen immediately resigned from the board and the position was appointed to fill the vacancy. Allen's resignation was said to be due to his employment with the Los Angeles police, civil service rules barring an employee from holding a public office.

War Declared on Imperial Well Vandals

MILAND, June 5.—Vandals who have been jeopardizing the lives of desert travelers by stealing pumping equipment from Bales well, twelve miles north of here on the Hythe highway, will be given the limit of the law, according to the warning issued today by Supervisor Henry L. Jackson, who is responsible for the maintenance of the well.

"This is the only water hole along a thirty-six-mile stretch of the Hythe highway, and with temperatures ranging from 105 to 115 deg. during the summer months, the maintenance of the well will mean the difference between life and death to stranded motorists."

First one part of the pump and then another has been taken away at intervals. Finally, the whole pump was stolen. Prospective who depend on this well for their water supply, have promised to aid the officers in finding the vandals.

EL MONTEANS WILL VOTE ON PARK SITE

EL MONTE, June 5.—The voters of El Monte will decide whether or not they wish a city park on September 11, this date for a \$50,000 bond election for the purpose of purchasing a park site having been fixed by the City Council last night.

The site offered the city and which will be voted on in September is known as the "Palm Springs tract" and consists of four acres of unimproved land in the southeast part of the city. The land is offered at \$250 an acre, the remainder of the bond-issue proceeds to be devoted to improvements.

WATER COMPANY TO LOCATE AT BURBANK

BURBANK, June 5.—Announcement was made this morning of a new industry for Burbank when J. P. Davidson of the Spring Water Company of Hollywood stated tentative plans for the retraction of the company's headquarters from Hollywood to Burbank, where the company was practically completed here. Mr. Davidson informed Manager Richards of the Chamber of Commerce that it is his intention to remove the headquarters of the company here and operate their trucks from Burbank in the future. The proposed plant will be of stucco and will house a working crew of fifteen. Eight trucks will be operated.

BANKERS OF VALLEY MEET AT VAN NUYS

VAN NUYS, June 5.—I. H. Mallin, manager of the Van Nuys branch of the Bank of Italy, was host here to forty-five other bankers of San Fernando Valley, when the bankers' association of the valley conducted its monthly meeting here. One part of the program consisted of giving the bankers an auto ride over Van Nuys to visit various industries. Several large poultry farms were inspected. At night a 6-o'clock dinner was served at the Hollywood Country Club, on Ventura Boulevard, south of here.

NEW CANDIDATE REVEALED

Fullerton Man Will Seek State Assembly Post; Three in Orange County Supervisor Race

SANTA ANA, June 5.—A new candidate for political honors appeared on the Orange county horizon today, when Arthur E. Crawford, Fullerton, applied to County Clerk J. M. Backs for a nominating petition. Crawford announced that he was in the race for State Assembly.

It is Crawford's second venture into the political ring of this county. He was defeated two years ago when he ran against County Superintendent of Schools R. P. Mitchell. Crawford is the second candidate to declare himself for the Assembly. Ted Craig of Brea obtained a nominating petition several days ago. Dr. C. D. Ball, Santa Ana, incumbent, will seek re-election to the State Senate this year.

Three Beauties Rule Annual Fontana Festival

Clara Howard, Queen Kitty Powell, Sada Mae Macauley. These girls will form the royal trio Thursday when Fontana, San Bernardino county, farm community, will hold its yearly Fontana day celebration.

PYROTECHNIC WAR FLARES

Three San Diego High School Students Suspended for Shooting Firecrackers on Grounds

SAN DIEGO, June 5.—As a result of the outbreak of a fire cracker war, three San Diego high-school students were summarily suspended today by Vice-Principal Clarence Swenson. The names of the suspended boys were not given out but Swenson said he would report the matter to Principal John Aseltine and the city school superintendent.

"We will not permit any fireworks to be exploded on the high school grounds," Swenson said. "This means also that possession of firecrackers will cause suspension."

The three boys expelled today were caught dropping "son-of-a-gun" cracker war, their trophies to that other students would walk on them and explode them.

Leaders of the student body are siding school authorities in an effort to prevent another outbreak of the firecracker war which resulted in suspension of twenty-four students last year.

CITY WITHOUT DEED TO RESERVOIR SITE

VENTURA, June 5.—Ventura does not hold a deed to its Kings-ton reservoir site, the Council has learned. Instead, the city has had a "contract" of sale from the Southern California Edison Company, in which the latter agreed to sell the oil and water rights to the city, but the actual deed has just come to light and had not been filed.

Furthermore, in a statement given to the city by the abstract company, it was found that W. R. Kingston and his wife still hold the surface rights to the land and are protected from development of the oil and water rights by a clause which provides that they or their assigns must be given just compensation for surface damages done in the building of such reservoirs, pipe lines or wells or other improvements as are allowed in the rights owned by the Edison Company.

FITTS CITES BIGGEST PROBLEM FOR SOCIETY

GLENDALE, June 5.—The biggest social problem in the United States today is the making of honest, upright men and not the reclaiming of those who have already slipped," declared Lieut.-Gov. Pitts in an address here last night at the opening of the Glendale Young Men's Christian Association drive for its operating fund for the coming year.

"California last year spent twice as much on law enforcement as it did on education, and the State's bill for crime is running into millions. The crime problem today is strictly a boy and girl problem."

Pitts asserted, adding that there are boys of 15 years in San Quentin, and that in the Federal prison, where the hardened repeaters are confined, there are boys of 16 years.

The teens consisting of 150 men have started the drive for \$12,625, which is needed to keep the "Y" operating for the coming year.

MOUNTAIN STREAM POOR WASH BASIN

UPLAND, June 5.—Cleanliness is a good idea but mountain streams are not meant for bathtubs, according to Deputy Sheriff G. O. Dark of Camp Barlow. Consequently three persons, L. L. Frisbie, El Monte and Mr. and Mrs. W. W. Hall of Glendale are to appear in Judge R. Crane's court here.

Frisbie was washing dishes in the stream and permitted a child to splash around in the water, according to Dark.

DELEGATES SELECTED RUTTINGTON PARK, June 5

Grover D. King, president of the Kiwanis Club, and Verne Guthrie, a member, have been appointed delegates to the Kiwanis International at Seattle, Wash., beginning the 18th inst. They will be accompanied by their wives.

The contest for Supervisor from the Third District took definite shape today when both of the prospective opponents of Chairman William Schumacher took out nomination petitions. D. S. Lineberger of Fullerton and William Kinney of Stanton, chose the same date for their move. Schumacher had preceded them by about a week. So far as now is known, the contest will be limited to these three candidates.

CITY BOARD CHALLENGED

Pasadena Hotel Man Demands That Costly Street Project be Submitted to Electors

PASADENA, June 5.—Challenging the board of city directors to submit the question of widening West Colorado street, this city's principal thoroughfare, to the voters, J. B. Coulson, president of the Maryland Hotel Company, presented a letter to the board today in which the \$3,000,000 project was branded as "unnecessary."

For more than two years the city officials have been overcoming obstacles to the largest street-widening plan ever attempted here. Last week, within a few days of the time when the street work was scheduled to start, a new hurdle was thrust in the path of the improvement by the State Supreme Court, which ruled that the assessments levied against the city-owned parcels in the district are illegal. It was suggested to the board that the directors might obviate the necessity for these assessments by using surplus funds from the municipal light department to pay part of the cost of the project.

JURORS EXONERATE RANCHMAN

Fatal Shooting Said to Have Resulted from Debt Quarrel of Partners

RIVERSIDE, June 5.—(AP)—John L. Stubblefield, wealthy 54-year-old rancher of Temecula, near here, was exonerated today by a coroner's jury of the killing last night of Walter Ritchie, 41, a farm laborer, Ritchie, who lives near Bakersfield, was shot and killed as he approached a ranch house on Stubblefield's farm. The two had been partners in a farming project in Arizona, but had quarreled. Ritchie was said to have demanded money threateningly, claiming it was due him from the Arizona partnership. He was believed to have gone to the ranch last night to collect it when he was fired upon by Stubblefield.

Public expenditures and consequent taxes are rapidly becoming a burden on the city, and not a dollar should be spent for any non-revenue-producing project until our auditors have solved and our auditorium built.

"If you believe differently, submit the matter to the voters at August primaries and abide by their verdict."

West Colorado street traffic is limited by the traffic light bridge which will carry, and the street's widening west of Terrace Drive should be decided on the vote of the voters. If the money is to come from the public funds.

Aged Pasadena Minister Dies

PASADENA, June 5.—Rev. James Bracewell, retired Methodist minister and one of the city's oldest Civil War veterans, died today at his home, 1284 Breese avenue. He was 82 years of age and had been a Pasadena resident thirty-five years. During the Civil War, he was a member of the 1st California Infantry and was also acting chaplain of his division.

Funeral services will be held Thursday at 2 p.m. in the lives of Warren C. chapel. Rev. E. M. Hutchins will officiate and the John P. Godfrey Post of the G.A.R. will assist at the last rites. Interment will take place in Ontario, the veteran's former home. He leaves two daughters, Mrs. Florence Akey and Mrs. Zella Bracewell.

DEALER EXONERATED IN THEFT CONFESSION

RIVERSIDE, June 5.—Charges that Tom Karna had purchased from two local youths fruit he knew was stolen were dismissed today by Justice Difiati. His exoneration followed the presentation of a sworn statement from Dale Addington, one of the boys involved, now serving a sentence in the county road camp, to the effect that assertions he had made charging the dealer were false. Addington and Edward Ferguson, also a prisoner, were to have been the chief witnesses against Karna.

ADDINGTON, when placed on the witness stand corroborated his written testimony. Former Deputy Chief of Police Roch, the complaining witness, did not appear. In his confession Addington stated that he and Ferguson not only disposed of stolen fruit to Karna but to other Riverside fruit dealers, all of whom were unaware that the oranges and lemons were stolen.

MONROVIA CHAMBER PICKS DIRECTORS

MONROVIA, June 5.—(AP)—A report of the Chamber of Commerce election committee late this afternoon disclosed the eight new directors elected from sixteen candidates. They are V. R. Bush, W. J. Eilers, E. J. Ryan, J. B. McBratney, Walter Dunn, W. G. Barks, Fred Schwartz and Hal P. Eastman. The new directorate will convene on the 16th inst. at which time a president, vice-president, secretary and treasurer will be elected.

The annual dinner of the Chamber of Commerce will be held at the Elmore Tavern on the 26th inst. Secretary C. M. Commins announced today.

FIREMEN GET RISE

ONTARIO, June 5.—All is not smoke and fire in the town of Ontario's city firemen. Today they were notified that their salaries have grown substantially, dating from the 1st inst. The affected firemen are Wiley E. Foindexter, Lee R. Craig and Paul Bair.

CONSTABLE WANTS LION TAMER

Either That or Winged Deputy to Chase Down Flyers Who Persist in Disturbing Jungle Beasts by Swooping Their Planes Over Gay Farm

EL MONTE, June 5.—Lions and airplanes just don't mix, according to a complaint filed with Constable Lester Burdick today by Miss Gertrude Fowler, who, with E. Bernoulli, is managing the Gay lion farm during the absence of the Gays in Europe.

Miss Fowler asserts that it has been the practice of aviators from commercial flying fields around El Monte to fly over the lion farm, either for sport or to get a free view of the lions. The jungle kings deeply resent this intrusion upon their privacy and proceed to roar at the flock of flying machines, leaping wildly about their incursions.

Miss Fowler is afraid that in their panic some of the 125 lions will escape and cause the officers to enforce the county ordinance which prohibits lion flying.

Burdick declared that attempting to catch a flock of flying machines and restraining more than 100 temperamental jungle beasts is about the toughest assignment encountered during his twenty years as constable here.

CLEANLINESS PROVES COSTLY

One Last Sweep Lands \$234 Railroad Ticket in Indemnitor

GLENDALE, June 5.—Railroad tickets, costing \$234.75 and entitling the owners to ride to Stillwater, Minn., went up in smoke this morning when Mr. and Mrs. B. P. Hunt prepared to start their journey back east. Mr. Hunt volunteered to sweep out the living-room before they locked up the house for the summer. The tickets, in an envelope, were knocked off the mantel to the floor, and Mr. Hunt's busy broom swept them up, then carried them out to the locomotor and burned them. Realization of the loss of the tickets was followed by a frantic rush to the local Union Pacific office for new tickets while the agent, managed to have the train held until Mr. and Mrs. Hunt could make a swift dash to Los Angeles and board it.

They will recover the extra amount they had to expend, however, the ticket agent informed them, as soon as a check-up of ticket numbers is made.

Traffic Rule Called Insult to the Dead

MONROVIA, June 5.—The city ordinance prohibiting funeral processions on Myrtle avenue is a direct insult to the dead, the City Council was told last night by Dr. J. W. Haman, representing the Monrovia Ministerial Union, who requested that the ordinance be changed.

According to Dr. Haman, the union of ministers feel that the matter is a mark of disrespect to the dead, on which people are welcomed at places of business during life is closed to them in death.

Mayor Little announced that the Council would take the matter under consideration and investigate the reason that the ordinance was passed.

NONOGENARIAN STARTS TOUR OVER CONTINENT

GARDENA, June 5.—Transcontinental travel presents no difficulties for Frank C. Grant, nonagenarian of this city, who left today for Concord, Mass., where he will spend his ninety-third birthday, August 15, with relatives. Grant made the journey east for his ninety-first birthday.

He will make stops at Montpelier, Okla., and Pine Bluff, Ark., and then on to Washington, where he expects to call at the White House. His tour will include various points in New York and throughout the New England from New England to the Pacific Coast by way of the Canadian Rockies.

SHIPS ASSIGNED FOR JULY 4 FESTIVAL

SANTA BARBARA, June 5.—Detailed announcement that the U.S. California, flagship of the Pacific Fleet, had been assigned to the port here with two destroyers, for the Fourth of July celebration, was received here today. It will be the first time since 1908, when the fleet went around the world, that the four star flag of an Admiral will have flown from the masthead at this port.

Aboard the flagship will be Vice-Admiral V. Pratt, who will be elevated to Admiral and commander-in-chief of the Pacific Fleet on the 26th inst. when Admiral Le Sturgeon will be assigned to another post.

VAN NUYS SOON TO VOTE ON CITY HALL

VAN NUYS, June 5.—Van Nuys is soon to vote on the question of a bond issue for acquiring a site for the proposed City Hall that is to be erected here for the handling of civic affairs in San Fernando Valley. Voting precincts are being mapped out and the proper amendment districts figured. The Los Angeles Police Department already has applied to the City Council for an allocation of \$160,000 for its share in building the City Hall and civic center. Other municipal departments will contribute funds when the site is acquired by the voters.

DESIGNER OF CONCRETE STATUES FOR CALIFORNIA

Declares National Bird is Dodo

PASADENA, June 5.—The American eagle is a bird, according to Parker O. Wright of 754 South St. is studying eagle anatomy preparatory to designing concrete eagles which will surround the Coolidge Dam.

Wright's studies have convinced him, he said, that many of the eagles adorning United States coins are not true to life. Certain coins depict the national bird as standing with his legs close together whereas no live eagle has been discovered that was not possessed of widely bowed legs. Another fact overlooked by artists is that the feathers, or "panicles," on the birds' grow toward the rear instead of across the front of the legs.

WOMAN'S CLUB ELECTS

TUJUNGA, June 5.—Mrs. Anna Underhill was elected president of the Tujunga Woman's Club at the annual meeting conducted here. Other officers chosen are Mrs. Ethel Buck, Mrs. Eva Buck and Mrs. Cora Smithson.

Miss Fowler, secretary, and Mrs. Flora White, auditor, and Mrs. Lillian D. Wheeler is the retiring head of the club.

OBHOANS PLAN PICNIC

HUNTINGTON PARK, June 5.—The next quarterly picnic of the Mansfield (O.) Society will be held at Point Fermin, Sunday, August 19. The annual election of officers will be held at this outing.

FLYERS TO HOPE

Weather Hold Flight Over

Refueled Planes Ready for Flight

Schools to be closed for flight

SAN DIEGO, June 5.—The flight of the Lockheed Vega, which will be flown by a single pilot, tomorrow night over the field and down from San Diego to Los Angeles, was postponed until the 7th inst. because of a light rain.

The plane, which is to take off at 11:30 a.m. tomorrow, is to be flown by a single pilot, who will be accompanied by a co-pilot and a ground crew.

Once Overs - - - By C. D. Batchelor

"I read the Prince of Wales is travelin' in Cognito, and if it isn't too far I'm goin' there."

CHUCKLES from LIFE

Memorable Addresses
No. 10 Downing street.
White House, Washington.
Stratford-on-Avon.
Tarrytown-on-Hudson.
508 Madison avenue.
Gettysburg.

According to the income tax statements it appears that many men have untold wealth.

First guest (at mountain resort):
Any fish in this lake?
Second Guest: You can search
me. I'm a detective, and I'm on my
vacation.

Good Guess
Sunday-school Teacher: And what did David get after he fought Goliath?
The Kid: Sixty per cent of the gate receipts and a chance to meet the winner of the bout between Cain and Abel.

New You Ask One
Willie: Daddy, may I ask just one more question?
Father: Well, yes, an easy one.
Willie: If a toad had a tail would it interfere with his hopping or would it help him like it does a kangaroo?
